OPES GOLA „L“ I „C“ PROFILI

Gola profili sve češće se mogu naći u moderno izrađenim kuhinjama. Upotrebom tih profila dobiva se privid kuhinjskih elemenata „bez ručki“, čime kuhinje dobivaju neprekinute ravne površine te udovoljavaju modernim estetskim zahtjevima. Ručke se prodaju u profilima dužine 4,1m. Prihvati za ručke (šifra OPG) prodaju se odvojeno po komadu.
